Summary

Detail-oriented and results-driven software developer with a passion for creating innovative and effective solutions Proficient in Java, Python, programming languages Having the deep knowledge of the full software development lifecycle (SDLC) Strong problem-solving and communication skills Ability to work independently and as part of a team

Technical Skills

Programming Languages:

Java, C++,Data-structure in java,javascript

Software Development Life Cycle (SDLC) Concepts:

Agile, Scrum, Waterfall

Markup Languages:

HTML5,CSS3,Tailwind,Bootstrap,Figma design

Cloud Computing:

AWS

Tools

Git , Github, Gitbash

Experience

FUEL Future Skills Institute(FFSI)

Feb-2023

Intern(Python and AI)

pune

- Collaborated with team members to design, develop, and test software
- Documented software requirements, designs, and code Provided technical support to end-users

Education

Sanjeevan Engineering And Technology Institute, Kolhapur.

B.tech in Computer Science and Engineering (2020-2023)

- CGPA : 8.98

Dr.D.Y.Patil Polytechnic ,Kolhapur.

Diploma in Computer Engineering (2018-2020)

Percentage: 80.29

H.S.C

Vidyamandir H.School -Jr College, Islampur(2018-2016)

Percentage :57.40

S.S.C

Pandit Neharu Highschool(2016)

Percentage : 82.40

Skills

Problem Solving

Communication

Collaboration

Teamwork

Adaptability

Attention to detail

Projects

An Automatic MCQ & Summary Generation Using NLP (Website)

The purpose of An automatic MCQ generation is to reduce human work and save time of teachers Preparing assignments and assessments is a time-consuming task for instructors.

Secure File Storage And Transfer On Cloud (Web application)

In ongoing world, huge amount of data is generated.It can be important and sensitive. This data needs to be securely stored and shared.

Certifications

Data Structure And Object Oriented Programming.

(APTECH)

AWS Cloud Foundation(AWS Academy Graduate)

(AWS Academy)

SQL Essential Training
